BUILT ON RESULTS.
GROWING BEYOND BORDERS.

DPF Cleaning Centres · India & Now Nepal

What began as a focused mission to bring premium garage equipment to India has grown into a thriving network of DPF Cleaning Centres spanning the country - and now extending across the border.

Every centre we open strengthens the ecosystem: more workshops gain access to expert DPF restoration, more vehicles get back on the road cleaner, and more partners grow their businesses alongside ours.
This is growth that compounds.
